"We can only recommend all other members of the European Branch to participate in the future."

CLAN GATHERING

Dear Clan family, we are pleased to report on our participation in the Gathering and the Highland Games in Newtonmore in 2025. Along with a small delegation from Germany we met up with members from Belgium, Switzerland, Gibraltar and the Netherlands.

Once again, the Gathering was a special highlight this year. We would like to take this opportunity to thank all the organisers and participants for the excellent organisation and warm Welcome. In addition to attending the dinner, the Highland Ball and the Clan March, we also enjoyed the Clan Picnic.

Many old and new friendships were renewed or forged. It is worth mentioning that we were able to win over our Clan brother Guy Laycock from Belgium as the new Regional Councillor for his country. We can only recommend all other members of the European Branch to participate in the future.

~Bodo Schmitz
